

Status Report

The aim of this report and the discussion groups during the PhD-day are:

- to discuss the status of the students' project
- give constructive feedback and suggest how to proceed
- discuss particular issues pointed out by the student

The format of the discussion groups will be as follows:

- A brief introduction of project by the student – **maximum** 10 minutes!
- Feedback on the project by other students (status report will be circulated in advance)
- Feedback on the project by senior researchers

The PhD status report shall be shared with the PhD Days organizers no later than the 30th of February 2019.
